

Where could a Snowfields job lead you?

A great conversation to have with your kids about jobs in retail, hotels, ski-lift operations and maintenance, food and beverage - and the careers they can lead to.

Skiing related jobs: ski instructor, retail (hire and buy equipment), lift operations and maintenance

Skiing injuries: First aid certificates and health care workers are needed. Can lead to uni courses and careers: physio, nurse, paramedic, workplace safety.

Snowfields food jobs = TAFE certificate and/or apprenticeships in baking, commercial cooking, hospitality. Want to manage bigger venues or get more into food science? Try a Business, Retail Management, Food Science or Nutrition degree at uni.

Fascinated by maintenance and equipment? Get into uni and become an Engineer.

Snow Accommodation jobs: bookings, reception, bag storage, security, parking and transport, tours and travel advice, cleaning, entertainment.

Sick of small, want to go big? Move into running your own business or starting a new one. Change career, become a Nutritionist, Bus Driver, Retail Manager.

Ski-fields are all around the world - work anywhere in Australia or overseas. Try different roles and see what you like best. Move up into Manager or Trainer positions. Do some more study, become an Accountant (uni degree.)
